# Focus Topic

Require all elected and appointed National officials to prepare and submit a monthly column on their areas of responsibility. The NEWSLINER editor has stated that the hardest thing to do regarding the NEWSLINER is get good material. No guarantee that the items would be published each month and some might be combined so that two or three (for those who consider sending in four lines as an article) might become one article on the second or third month. This should be a stated requirement imposed before an individual's nomination for a position is made and accepted.

# Charge to Focus Topic

Discuss the feasibility of elected and appointed National Officers preparing a monthly column for the NEWSLINER and the benefits which may be derived by our membership.

# Discussion

- ◆ Fill pages with “stuff” vs. written, relative articles to ALL Army Warrant Officers
- ◆ Members expectations
  - Articles from National Leadership
  - Articles from Proponents
  - Interesting Articles from the Regions
  - Up-to-date info from Committee/Foundation Chairs (Awards, Aviation, Heritage, Mentorship, Scholarship, Membership, etc.)

# Recommendations

- ◆ Monthly articles to be included in the NEWSLINER from
  - President
  - Vice-President
  - Assistant V/P's
- ◆ Periodic articles submitted by a Region Director, as assigned by President
- ◆ Periodic updates from Committee Chairs as required and assigned by National Officers
- ◆ Update By-Laws to include additional duty requirements
- ◆ Request that the Foundations submit periodic updates.

# Justification

- ◆ Provide relevant and current information to members through our primary source of contact – the NEWSLINER
- ◆ Mandate National elected and appointed officials to complete previously implied duties
